

Garden Center & Nursery

Get the right tools for the job

Windward Software has been serving Independent Garden Centers, Nursery Retailers and Landscape Suppliers for over 35 years. We are a solutions based software provider. Our flagship product, **Windward System Five** solves the following challenges that could affect your business.

- » Managing inventory across peak times and seasonal events
- » Staff turnover requires new employee orientation every spring
- » The need for “line-busting” and fast transaction processing
- » Difficulty managing customer relationships through the seasons
- » Keeping customers informed about seasonal availability of product

Windward System Five has industry specific features developed by consulting with business owners and operators like you. This leading solution contains groundbreaking features that ensure quick transaction processing, help you run your business, and establish opportunities for long-term growth.

Windward System Five does all of this for you by streamlining your business into one, accurate database. By integrating your point-of-sale with inventory management, purchasing, accounting, customer records and reporting, your business can handle any challenge.

We help you grow your business.

So you can help your customers grow their gardens.

Why Choose Windward for Your Garden Center?

A Word From Our Clients

1. Streamlined for Accuracy & Efficiency

- » *Windward System Five* is fully integrated; individual modules work in unison to streamline every aspect of your operation

2. Innovative Garden Center Solutions

- » Easily track and manage all products that can be "potted up"
- » Operate remotely and efficiently in our cloud environment
- » Print weatherproof labels and barcoding for all types of products
- » Quick Sale interface for line busting and fast transactions
- » Seasonal reporting to keep your supply chain flowing
- » Export reports for marketing campaigns
- » Windward Intelligence reporting tool allows you to drill-down into Gross Margins and Sales by Category, Salesperson, or Region.

3. Expert Customer Support

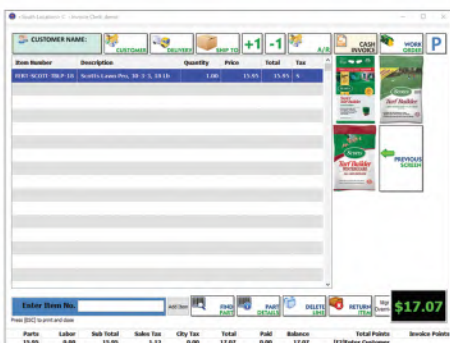

- » Operate knowing that Windward Software's expert support staff is with you every step of the way
- » A dedicated Professional Service Specialist will manage your project
- » 24/7 support, weekly training, and Windward Learning Academy online tutorials for your entire staff

"Windward System Five is completely customizable: you can do just about anything you want with the software. It helps you gain valuable insight by determining your margins, the products that are turning over the fastest, gross margin return on investments, budgeting, inventory control, what to order each season. Simply put, this system has a host of features that really help you manage your business smartly."
